

Operators

- Use a space before and after assignment operators

<code>\$foo = bar</code>	good
<code>\$foo=\$bar</code>	bad

- Do not use a space when incrementing or decrementing in calculations

<code>Left (Table::fieldName ; Length (Table::fieldName) -1)</code>	good
<code>Left (Table::fieldName ; Length (Table::fieldName) - 1)</code>	bad

- Preferred comparisons
 - over `<>`
 - over `>=`
 - over `<=`
